3222	Western Washington University was up there with the University of Colorado Colorado Springs because UCCS was closer to home, had a program that was good for me (a Psychology program), was a small school, and was very close to home. And, also, my dad works there. However, Western had the Marine a Coastal science that I was looking for and though it's father away from home I heard they had an excellent Marine program there.

2271	I was enrolled in a class that I have a community college transfer credit for, which is going to waste my time and money
2471	Not being able to take classes due to prerequisites
2862	One of my top classes conflicts with the only thing that made me interested in attending western. AKA sailing
3324	Pre recall
3712	I had more questions for my advisor about my classes but I wasn't heard
3746	Not allowed to take many of the classes I'm highly interested in. The school has prevented me from exploring my options in chemistry and many other classes. makes me want to explore community college option rather than western.
3748	A class I wanted was major restricted. Not sure if I will be able to take the class.
3871	Chosen very quickly, I would have liked more advice from advisors and time in my orientation/registration session.
4095	Im not sure I am taking the right courses for my major and minor
4239	class switched to online
4315	I'm taking two communications classes because my advisor was somewhat unhelpful in helping me figure out what to take.
4326	My French class was switched to online.
4428	There were a few bumps with communications, somewhat unclear about the aleks math placement test which set my scheduling abilities back.
4630	One of the classes I wanted to take requires an perquisite class that I have AP credit for, but Western has yet to register my TER so I am unable to take the course at this time although I have checked in with both College board's side and Western's side. College Board has sent the scores twice and Western has yet to receive them
4658	At the time of registration, I was told I registered for math 114 then later come to find out I can enroll in math 156 and when I went to do so it said I did not meet the prerequisites. I would have liked to know which math class I truly am eligible for at the beginning rather than two days before the quarter starts.
